

A successful retirement requires long-term planning. LACERA provides a variety resources and services to help you fully understand and maximize your benefits. The seven steps below map out actions you can take to retire with confidence and security. Let's get started!

START HERE

1

Create Your Own Retirement Benefit Estimate (RBE) on lacera.com, My LACERA

Once you set up a My LACERA account, you can log in anytime to calculate your future monthly allowance based on your personal data.

Try inputting different retirement dates, years of service, and retirement option scenarios.

What is an RBE?

- Estimate of the monthly allowance you will receive at retirement.
- Tool to assist in the selection of your retirement date and retirement option.
- Shows how retirement options affect disbursement

2
